Professional Summary

Aspiring Software Engineer with strong expertise in Data Structures, Algorithms, Problem Solving, and Full Stack Development. Skilled in building scalable web applications using React.js, Spring Boot, Java, MySQL, and REST APIs. Strong understanding of DBMS, Operating Systems, Computer Networks, and Software Engineering fundamentals.

Education

KL University, Vijayawada

May 2023 – May 2027

Bachelor of Technology in Computer Science and Engineering

CGPA: 9.24

Technical Skills

Programming: C, C++, Java (Core)

Frontend: HTML, CSS, JavaScript, React.js

Backend: Java, Spring Boot, REST APIs

Database: SQL, MySQL

Tools: Git, Docker

CS Fundamentals: DSA, OOP, DBMS, Operating Systems, Computer Networks

Projects

Fintrix – Stock Market Analyzer (Full Stack)

- Developed a full-stack stock market analysis platform using React.js, Spring Boot, Java, MySQL, HTML, CSS, and JavaScript.
- Built REST APIs using Spring Boot for stock data management, portfolio tracking, and transaction processing.
- Designed and implemented MySQL database schemas for stock records, user portfolios, and transaction history.
- Integrated frontend and backend modules through RESTful services.
- Optimized MySQL queries and indexing, improving application response time by 30%.
- Implemented authentication, search, filtering, and responsive UI.

Home Services System (Full Stack)

- Developed a full-stack service booking platform using React.js, Spring Boot, Java, MySQL, HTML, CSS, and JavaScript.
- Built REST APIs for service booking, provider management, scheduling, and service tracking.
- Designed relational database schemas for users, bookings, services, and transactions.
- Integrated frontend components with backend services using RESTful APIs.
- Improved application performance by 20% through query optimization and database indexing.
- Implemented authentication, role-based access control, and responsive interfaces.

Achievements

- Solved 400+ coding problems on LeetCode, GeeksforGeeks, and Codeforces.
- Strong understanding of DSA including arrays, trees, graphs, dynamic programming, and greedy algorithms.
- Consistent practice in competitive programming and problem solving.

Certifications

AWS Certified Cloud Practitioner

Oracle Cloud Infrastructure Foundations Associate

Aviatrix Multicloud Network Associate

Strengths

- Strong analytical thinking and problem-solving ability.
- Quick learner with adaptability to new technologies and environments.
- Effective communication and teamwork skills.
- Self-motivated with consistent focus on learning and improvement.
